

DEEP RESEARCH FOR \$0

ChatGPT locks its best deep research behind the \$200/mo Pro tier. These three do expert-level research completely free. Verified live, August 2026.

01 PERPLEXITY • RESEARCH MODE FREE

Pick Research in the mode selector at perplexity.ai. Dozens of searches, hundreds of sources, a full report in ~3 minutes. Export as PDF or a shareable Page.

02 STORM • BY STANFORD 100% FREE

storm.genie.stanford.edu writes a Wikipedia-style article on any topic: structured sections plus every source cited. Co-STORM lets you steer it live.

03 KIMI • DEEP RESEARCH AGENTIC

On kimi.com, hit the Deep Research chip. The K3 agent plans, browses, and assembles a sourced report, straight into Docs, Sheets or Slides. No card needed.

THE THREE LINKS

- perplexity.ai • switch mode to Research
- storm.genie.stanford.edu • Stanford OVAL
- kimi.com • Deep Research chip

TIP 01

Ask two of them the same question. Where they

TIP 02

Give a role + output format in your prompt. All three

TIP 03

STORM for new topics, Perplexity for current
